

# Phoenix Systems Featured in AutoZone Quarterly Flyer

*Phoenix Systems products featured in the AutoZone Tool & Equipment Quarterly Flyer. The flyer highlights top products offered through AutoZone's retail stores, and features Phoenix Systems' MaxProHD Reverse Brake Bleeding Kit and BrakeStrip brake fluid testing strips.*

**St. George, UT (PRWEB) May 20, 2015** -- Phoenix Systems is pleased to have had some of its products listed in the AutoZone Tool & Equipment Quarterly Flyer on page 45. The flyer, which covers the spring quarter for 2015, will feature two of Phoenix Systems' products, including its signature BrakeStrip brake fluid testing strips and the MaxProHD Brake & Clutch Bleeding Kit.

BrakeStrip are one of the premier products offered through the Phoenix Systems product lineup. These strips offer a 60-second test for brake fluid, so auto repair professionals can have a visual to show customers when their brake fluid needs to be replaced. BrakeStrip is a reliable resource that allows service technicians to confidently recommend brake fluid replacement when it is needed, helping improve customer service and brake safety.

The MaxProHD Reverse Brake & Clutch Bleeding Kit allows auto repair professionals to bleed brakes or clutches more efficiently by removing more air in less time than any other bleeder on the market. The MaxProHD contains a full set of adapters, so the system can be used for reverse, vacuum, pressure, bench, pulse generation, and cross bleeding methods.

When commenting on the flyer, Ben Leamon Martinsen, VP of Marketing and Operations at Phoenix Systems said, "AutoZone is a trusted name in auto parts, and we are thrilled they have recognized the quality and benefit of our brake safety and maintenance products. We know that being featured will help Phoenix Systems products reach more people, including consumers and auto repair professionals who shop with AutoZone."

The AutoZone Tool & Equipment Quarterly will run from April until June 2015. It features special offers on some of the industry's top products, including these two from Phoenix Systems.

## About Phoenix Systems

Phoenix Systems is the makers of BrakeStrip, a brake fluid testing strip, and BrakeShot, a brake fluid enhancer, as well as a selection of brake bleeding and testing products. These products use the latest technology to ensure that vehicles are driving, and stopping, as safely as possible, and provide automotive repair companies with the products they need to advise their customers with confidence about braking safety issues. For more information about BrakeStrip and other Phoenix System products, visit [www.brakebleeder.com](http://www.brakebleeder.com).

## About AutoZone

As of February 14, 2015, AutoZone sells auto and light truck parts, chemicals and accessories through 5,042 AutoZone stores in 49 states plus the District of Columbia and Puerto Rico in the U.S., and 411 stores in Mexico and five stores in Brazil and 18 IMC branches for a total count of 5,476.

AutoZone is the leading retailer and a leading distributor of automotive replacement parts and accessories in the United States. Each AutoZone store carries an extensive product line for cars,

sport utility vehicles, vans and light trucks, including new and remanufactured automotive hard parts, maintenance items, accessories, and non-automotive products. Many stores also have a commercial sales program that provides commercial credit and prompt delivery of parts and other products to local, regional and national repair garages, dealers, service stations, and public sector accounts. IMC branches carry an extensive line of OE quality import replacement parts. AutoZone also sells the ALLDATA brand diagnostic and repair software through [www.alldata.com](http://www.alldata.com). Additionally, we sell automotive hard parts, maintenance items, accessories, and non-automotive products through [www.autozone.com](http://www.autozone.com), and accessories and performance parts through [www.autoanything.com](http://www.autoanything.com), and our commercial customers can make purchases through [www.autozonepro.com](http://www.autozonepro.com) and [www.imcparts.net](http://www.imcparts.net). AutoZone does not derive revenue from automotive repair or installation.
